**TRIGEO WINS SC MAGAZINE READER TRUST AWARD  
FOR BEST EVENT MANAGEMENT SOLUTION**

*TriGeo Honored by SC Magazine Readers at Awards Ceremony in  
Conjunction with RSA Conference 2007*

**POST FALLS, ID, February 22, 2007** – TriGeo Network Security, a leading provider of security information and event management (SIEM) solutions, has won a 2007 Reader Trust Award at the 10<sup>th</sup> annual SC Magazine Awards. The TriGeo Security Information Manager was recognized for its outstanding achievement in information technology (IT) security and named Best Event Management solution. The gala awards ceremony was held in San Francisco in conjunction with the recent RSA Conference 2007, the world's leading information security trade show.

The TriGeo SIM was among nearly 400 entries submitted in 20 technology categories. Winners in the *SC Magazine Awards* Reader Trust program were based on votes by more than 9,000 of the publication's readers. TriGeo SIM won the Best Event Management award from a field of over a dozen nominated companies. The finalists for the award included ArcSight, Intellitactics, NetIQ and Novell.

"The Reader Trust Award is a tremendous honor and the ultimate validation of the TriGeo approach to SIEM" said Michelle Dickman, president and CEO, TriGeo Network Security. "This award reflects the trust of thousands of SC Magazine Readers and TriGeo customers, and we're extremely proud to know that they see TriGeo SIM as the best event management solution on the market."

TriGeo's SIM targets mid-market companies which face the same network management, regulatory compliance and business continuity challenges of large enterprise networks but without the budget or staff to accomplish this affordably. TriGeo is a recognized leader in this market with two

consecutive years of SC Magazine Best Buy awards, a Gartner Midsize Enterprise “Best of Show” award, and multiple editors’ choice awards. TriGeo’s customers get a proven, award-winning product that SC Magazine described as “one of the few products we’ve tested over the years that actually lives up to its hype.”

### **About *SC Magazine***

*SC Magazine* provides IT security professionals with in-depth and unbiased information through timely news, comprehensive analysis, cutting-edge features, contributions from thought leaders and the best, most extensive collection of product reviews in the business. By offering a consolidated view of IT security through independent product tests and well-researched editorial content that provides the contextual backdrop for how these IT security tools will address larger demands put on businesses today, *SC Magazine* enables IT security pros to make the right security decisions for their companies. The brand’s portfolio includes the *SC Magazine Awards*, *SC Directory*, *SC Magazine Newswire* and *SC Magazine IT Security Executives Forums*.

### **About TriGeo Network Security**

Formed in 2001 as the pioneer and leader of Automated Remediation through Intelligent Correlation™, TriGeo protects the entire network – from perimeter to endpoint. With more than 45,000 nodes deployed, TriGeo Network Security is the leading provider of information and event management technology for mid-market enterprises.

The TriGeo Security Information Manager is the only network security appliance that automatically identifies, notifies and responds to network attacks, suspicious behavior and policy violations. With patent-pending technology for real-time log analysis, event correlation, automatic alerts and policy-based active response, TriGeo provides an innovative network defense technology through a complete security information management (SIM) solution.

TriGeo is privately-held with headquarters in Post Falls, Idaho. For more information, visit the company’s website at [www.trigeo.com](http://www.trigeo.com) or call (208) 664-7000
